Important information

Affected reservations will receive a UN (non-operational). There will be no proactive rebooking, unless the alternative is on Iberia flights. We remind you that protection on non-Iberia companies can ONLY be done during the last 48 hours before the departure of the original flight.

IBERIA

Due to the current situation, with multiple changes in the environment and that could imply in some cases changes of aircraft, schedules and other situations, we recommend to monitor the warning messages in the clients' bookings. A guide has been provided for the self-management of changes by travel agencies.

All documents are already available on iberiagencias.

Schedule changes of less than 2 hours

No compensation or refunds apply. You may be offered a change of flight under the general policy of EU261.
