## ELEGANT LUXURY

Set in a stunningly beautiful location with its own secluded sandy beach. Being both private yet near to the chic Rodney Bay area and adjacent to the St. Lucia Golf & Country Club, it is in one of the most sought after spots on the island appealing to both the active as well as those seeking a relaxed retreat.

The intimate and stylishly designed villa suites make it feel more like a private residence (albeit with impressive hotel facilities) providing the perfect setting to enable you to get the most from your precious time. Lovingly created, it is family owned and managed so service is naturally friendly, personal and attentive without being invasive. Attention to detail is paramount, from the design to the service and the food. Featuring two of the best restaurants on the island, the Cliff at Cap and the Naked Fisherman (along with one of the best stocked walk in wine cellars) it is definitely a hotel for food lovers.
