

Important Notification

WE ARE WITH YOU ✈️

Dear Agents,

We are now able to offer you the opportunity to price YQ (fuel) tax on Aer Lingus IT bookings from booking creation date or last voluntary amendment date.

This is in addition to the pre-existing rules for pricing the fare, which are also to be priced in the same way.

You can find the updated Aer Lingus user guide, as well as all other user guides on the following link: <https://www.aviateworld.com/user-guides/>

Regards
Aviate
