

For Release: 01 June 2022

SINGAPORE AIRLINES INCREASES FLIGHT FREQUENCY FROM LONDON HEATHROW AND MANCHESTER

- Return to full frequency from London Heathrow to Singapore beginning 01 June
- From 07 June, four weekly flights from Manchester to both Singapore and Houston

[Singapore Airlines](#) (SIA) is delighted to announce the return to four daily flights from London Heathrow (LHR) to its Singapore hub at Changi Airport (SIN), commencing 01 June 2022. Manchester (MAN) will also see an increased frequency, with four weekly flights to both Singapore and Houston (IAH), beginning 07 June 2022.

Four daily flights from London Heathrow

The London-Singapore flights will run four times daily (28 weekly), operated by A380, A350 and B777-300ER aircrafts. The full schedule can be found below.

Route Schedule from 01 June (all times local):

London Heathrow – Singapore				
SQ 305	LHR - SIN	Daily	09:25 - 05:30 (+1)	Boeing 777-300ER

With a choice of up to four cabins – Economy, Premium Economy, Business and First/Suites Class, customers can look forward to a wide range of in-flight offerings including comfortable seats, an exquisite dining experience and an entertainment system with over 1,400 on-demand options. Premium Economy, Business, First and Suites class passengers can pre-order their meal with the [Book the Cook service](#) up to 24h before departure.

Suites and First Class customers will receive a unisex amenity kit with toiletries and perfume, specially designed under the co-brand partnership with *Lalique*. Business Class passengers can look forward to a pampering treat with an amenity kit available on request, co-created with British perfumer *Penhaligon's* which includes a hand lotion, facial mist and lip balm.

Four weekly flights from Manchester

The two Manchester routes to Singapore and Houston will operate four times weekly respectively, operated by an Airbus A350-900 aircraft. Singapore Airlines relaunched its Manchester-Singapore flights in July 2021 and its Manchester-Houston route in December 2021. Previously, the Airline had been the airport's longest serving long-haul carrier, having operated continuously since 1986, until the Covid-19 pandemic forced 98% of its flights globally to be grounded in March 2020.

Route Schedule from 07 June (all times local):

Singapore route				
SQ51	MAN - SIN	Mon, Wed, Thu, Sat	11:40 – 07:40 (+1)	Airbus A350-900
SQ51	SIN - MAN	Tue, Wed, Sat, Sun	02:05 – 08:50	Airbus A350-900
Houston route				
SQ 52	MAN - IAH	Tue, Wed, Fri, Sun	10:40 – 14:30	Airbus A350-900
SQ 51	IAH - MAN	Tue, Wed, Fri, Sun	19:10 – 10:05 (+1)	Airbus A350-900

With a choice of Business Class, Premium Economy Class and Economy Class seats, passengers will enjoy comfortable journeys on state-of-the-art fuel-efficient aircraft, including delicious food options and over 1,400 options on the in-flight entertainment system. The *Penhaligon's* amenity kit is available on request for Business Class passengers.

The additional service will provide more travel choices for customers from regional departure points thanks to SIA's partnership with regional airline Loganair, via Manchester.

Mr Mohamed Rafi Mar, General Manager UK and Ireland, Singapore Airlines, commented: "We are delighted to return to full flight frequency on our London Heathrow – Singapore route and to be able to continue increasing the frequency on our Manchester routes. We are very pleased to offer more travel options to our passengers, who will also enjoy award-winning service from our cabin crew on all flights."

Singapore Airlines' industry-leading digital initiatives and award-winning [health and safety measures](#) provide a safe and comfortable journey for all customers, along with [flexible booking policies](#) for customer reassurance.
