About the destination

- Mumbai, India's second largest city located in Maharashtra state, is home to more than 20 million inhabitants
- Often referred to as the "City of Dreams," it is India's bustling commercial capital, offering a unique blend of history, culture, and modernity
- Mumbai is India's financial and commercial powerhouse, contributing 6-7% to the national GDP and accounting for 25% of industrial production and 70% of capital transactions.
- Maharashtra's strong infrastructure, investor-friendly policies, and strategic location have positioned Mumbai as a leading destination for foreign direct investment (FDI), attracting 40% of India's total FDI in the fiscal year 2024–25.
- The timetable will allow for full two-way connectivity from/to Scandinavia, EU Core and many main European destinations, as well as US/CA connectivity: all two-way connectivity except LAX with India-bound connectivity only
