

## Connectivity just got better!

We are thrilled to announce the arrival of our first aircraft with Starlink; the fastest Wi-Fi in the sky. Powered by the world's most advanced satellite constellation, Starlink enables streaming, scrolling and surfing. Whether you are catching up on the latest global news, streaming your favourite movie, or staying in touch with loved ones, you remain effortlessly connected at 35,000ft.

A New Standard of Connectivity with us\*

- Ultra-Fast Speeds: Experience up to 500 Mbps, powered by Starlink.
- Seamless Streaming: Enjoy 4K video and lag-free gaming.
- Gate-to-Gate: Stay connected from the moment you board until you arrive.

This milestone harmonises our promise of state-of-the-art modern innovation. From our award-winning Falcon Gold cabin to our refined Economy service, Gulf Air Starlink is the perfect companion to your premium flight experience.

Fly with us and stay connected.
